

The Cove

World-Class Memory Care

Our memory care program is designed for individuals with Alzheimer's and other forms of dementia. We provide a safe and secure environment aimed at enriching our resident's quality of life.

Attentive Care Services

Our well-trained associates provide around-the-clock and respectful care to residents to ensure they receive a stimulating and pleasing daily experience by giving them their "Best Days."

An Intimate Neighborhood

The small and intimate settings in our Cove neighborhoods accommodate residents with memory impairments in a personalized and dedicated environment to ensure their safety, familiarity and comfort.

Stimulating Daily Experiences

Through daily activities like brain games, puzzles, social gatherings and more, our award-winning Life Enrichment Program allows residents to grow mentally, physically, spiritually and emotionally.

Silhouette of My Life

Upon arrival, each resident will create a "Silhouette of My Life" profile which allows our associates to provide personalized care to each resident, ensuring that they are enjoying each activity, meal and moment.
